

New Resources for Ministry & Personnel Committees

M&P committees and ministry personnel will want to look at two recently updated resources on the General Council website:

Ministry and Personnel Committees: Policy, Procedures, Practices: http://www.united-church.ca/sites/default/files/handbook_ministry-personnel-committee.pdf. This resource expands on the policy found under section B.7.8.5 in *The Manual*, and contains

- policies and procedures that must be followed;
- best practices that provide information, guidance, and advice on the recommended ways to live out mandatory policies and procedures, which you are encouraged, but not required, to follow.

Resources for Ministry and Personnel Committees: http://www.united-church.ca/sites/default/files/handbook_resources-ministry-personnel-committees.pdf. This is a companion resource to *Ministry and Personnel Committees: Policies, Procedures, Practices*. It provides further detail and guidance for the Ministry and Personnel Committee.
